When children sing, dance, and listen to music, they develop their language and early literacy skills while being active and encouraging movement. Make up and record your own unique version of a song or write your own, and share it on Facebook, Twitter, and Instagram using the hashtag #woyc20

TUE- "Did I Ever Tell You How Lucky You Are?"

TUE- "Snack Attack Tuesday"

Dress up for St. Patrick's Day and enjoy a green treat or two at pick-up!

Cooking together connects math with literacy skills, science, and more. We'll have special ingredients set up at pick-up for you and your child to prepare a snack together. Measure your ingredients and ask your child if they'd like the same or different amounts of each ingredient.

WED- "Wacky Wednesday"

WED- "Work Together Wednesday"

Dress as wacky as you can to celebrate today! Mismatch, crazy, fun!

When children build together they explore math and science concepts and develop their social and early literacy skills. Children can use any building material—from a fort of branches on the playground to a block city in the classroom, or a hideaway made from couch pillows at home. Build & share!

THU- "The Lorax"

THU- "Artsy Thursday"

Plant some seeds in celebration of Spring! We'll have some set-up at pick-up!

Children develop creativity, social skills and fine motor skills with open-ended art projects where they can make choices, use their imaginations, and create with their hands. On Artsy Thursday celebrate the joy and learning children experience when engaged in creative art making.

Conferences will take place during this month. Conferences should last about fifteen minutes and will focus on your child's development, goals for the future, and any questions you may have. Please sign up for a time that is best for you. If the times listed do not work, speak with your child's teacher and we will try our best to accommodate!
